

GREATER CANANDAIGUA FAMILY YMCA

FACILITY REOPENING PLAN

OVERVIEW – AUGUST 2020

It has been a long journey toward our reopening. We have received official word from the Governor that we are able to reopen and after thoughtful consideration, we are planning a phased reopening of our facilities to begin on August 28. We have been working extremely hard during our closure to get our facilities ready. Everything we have done has been completed with the safety of you and staff as our No. 1 priority.

THE FIRST PHASE OF OUR REOPENING WILL INCLUDE:

	Aug. 28-Sept. 4	Sept. 5-7	Sept. 8 onward
GREATER CANANDAIGUA FAMILY YMCA	Hours: 7 am-7 pm Monday-Friday CLOSED Saturday & Sunday	CLOSED	Hours: 7 am-7pm Monday-Friday CLOSED Saturday & Sunday

*registration required for all group exercise, lap swim, wellness center and child watch visits

Our reopening plan prioritizes the health and well-being of our members, staff and the communities we serve, taking into account CDC guidelines and the guidelines and recommendations of state and local government authorities. **We are also closely following the Interim Guidance for Gyms & Fitness Centers during the COVID-19 Public Health Emergency issued by the Governor on August 17, 2020.** Below are major highlights of our reopening:

- **Mask Policy:** Staff are required to wear masks at all times. Members are required to wear a mask that covers their mouth and nose at all times. Gaiters, bandannas and buffs are not acceptable face coverings. If someone has a medical condition that prohibits them from wearing a mask they must wear a face shield.
- Guest Passes **will not** be permitted.
- Sauna and indoor track **will remain closed** until further notice.
- Outdoor group exercise classes will continue to run weather permitting, **by pre-registration only.**
- Child Watch is set to reopen on September 14, **by pre-registration only.**
- The YMCA will implement social or physical distancing practices in all operations by **controlling capacity to 33% in all facilities**, reconfiguring traffic patterns, re-arranging physical areas and fitness equipment, and placing trained staff in various locations to monitor and enforce all social distancing protocol and policies.
- All non-bottle water filling drinking fountains will be out of use.
- All **HVAC systems will be upgraded** to have air filtration systems with a minimum efficiency reporting value (MERV) of MERV-13, or highest rating available compatible with their system.
- All equipment, locker rooms and restrooms will be **cleaned with COVID-19 approved cleaners every two hours.**
- Members will be asked to use provided cleaning supplies to clean equipment before and after each use.
- Members will **scan in** and digital attendance will be kept for at least 28 days.
- All members **must complete their Y ROC Health Scan**, an online daily health screen, prior to entering all facilities. To obtain access, employees and members will be asked to show completion of their Y ROC Health Scan for the day. Y ROC Health Scan will ask participants to report if you are experiencing any symptoms related to COVID. Once Y staff sees the green check, members will then self-scan to enter (staff will not handle cards, phone or other personal belongings). Members unable to access online daily health screen will be complete a health questionnaire and have a temperature check.
